

COWLEY

SIXTH FORM COLLEGE

BTEC LEVEL 3

HEALTH AND SOCIAL CARE

Teaching staff

Mrs Robinson
Mrs Tillett
Mrs Money Penny
Miss Mather

Overview

This popular course offers a great foundation of study for the health and social care sector. You will learn about the various care settings, as well as getting a chance to apply all you've learnt into a practical setting on work placements. The units taught and the learning environment will provide transferable skills to prepare you for progression to university or the world of work. Some of the transferable skills that you will develop include: working independently, research methods, presentation skills and teamwork.

Professional Development

You will be taught by an enthusiastic and caring team who are committed to providing a platform from which you can choose a suitable career pathway.

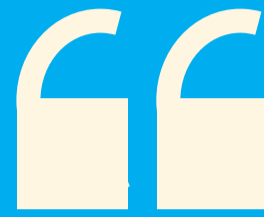

You will enjoy a wide range of learning experiences, including 100 hours of work experience placements and career taster days.

Support

You will be given a full set of resources which include textbooks and Health related practical equipment.

Equipment that you will need

Basic stationery (pens, pencils etc), plus a notepad and a lever arch file.

As part of this course, I have had work experience at St Helens Hospital and I got to choose the area that I wanted to work in, which was the Children's Diabetes ward. This 5-day work placement was brilliant and really insightful."

Leah Cain

Currently studying:

BTEC Health and Social Care
A-Level Biology
BTEC Animal Care

Progression

Past students have gone onto a variety of courses at university, such as: Nursing, Health and Social Care, Radiography and Physiotherapy.
