

Year 6 into Year 7 Computing

Instructions

It is very important that you know how to stay safe when using the internet, whether this be on a computer, tablet or phone.

For this reason, the first unit of work that you will study within Year 7 Computing is e-Safety.

As a simple introduction, please read the two information guides and make notes.

When you feel that you are ready, complete the Internet Safety Test.

Answers are provided for you to check your work.
