MORGAN STANLEY'S KICKSTART PROGRAMME FOR YEAR 13

Morgan Stanley are looking to discover talented individuals from diverse and underrepresented backgrounds who are ready to kick-start their career on our 4-day programme. Students just need an eagerness to learn about the world of Financial Services.

Mentoring, networking, interactive panels, technical and professional skills training will help you get to know their culture and guide you through the different areas of the business, including:

- Technology
- Investment Banking
- Global Capital Markets
- Sales, Trading and Research

By taking part, you will also be considered for the **2024 Morgan Stanley Spring Insight** programme - a one-week insight programme during your first year at university.

Programme dates: 29th August - 1st September 2023

Location: Morgan Stanley London offices

Deadline for applications: Sunday, 9th July 2023, 23.59pm

To apply for the **Foundations in Finance** programme, students must meet the following criteria:

- Be in Year 13 and have a university offer to start an undergraduate course at a UK university in Autumn of 2023. On your CV, please list your confirmed university offers and each of your GCSE grades or equivalents
- Have always attended a state-funded, non-fee paying school/college

And fulfil at least one of the below criteria:

- Have been in receipt of Free School Meals
- Have received household income support
- Have experienced time in local authority care
- Have or have had refugee status
- Have dependents or caring responsibilities
- Any other indicators of socio-economic or personal disadvantage or a combination of these attributes, as identified within the contextual recruitment application form

YEAR 12 PROGRESSION WEEK

Next week sees the biggest Careers event of the year as we offer all Year 12 students Progression Week.

On Monday, we have invited more than 25 universities from across the UK to come in and speak to the students about their options after sixth form college with a number of talks, presentations, workshops as well as the market place stalls where students will be able to chat to the different universities and weigh up what they might wish to go onto after finishing at Cowley Sixth Form College.

On Tuesday, more than 25 organisations from industry and apprenticeship providers will come into College to speak to students about the vocational and employment options available to them following their studies at Cowley Sixth Form College. Again, there will be a number of talks, presentations, workshops and a market place for students to approach organisations and speak to them about what is on offer.

On Wednesday, each Year 12 student is offered a mock interview to help them in preparation for the formal interview process which they will encounter for university, apprenticeships or employment.

The final two days of the week, plus the following Monday, students will be taking part in work experience and getting some hands on involvement within a real workplace environment and gain valuable experience to add to their CV.

We're really looking forward to a fantastic week!
