FESTIVAL INCOMING

Hi! My name is Stefano and I am part of Chameleon who are making their debut festival in the heart of St Helens, at the Windle Social Club on the 9th of May. The name of this festival is SOUNDWAVES .

SOUNDWAVES is a festival which welcomes all, celebrates all music homemade and homegrown in the heart of St Helens.

This festival is here to help inspire people into joining in this musical journey, but also help with finding a love interest in music and potentially learn how to play music.

As a band, we are very excited to be able to finally create our own festival which welcomes all.

Our two band leaders, Grace and Keiron, have expressed their excitement, as they said: “It is something we had never thought of doing, but we want to now expand and include all of St Helens,”

Max, our frontperson/vocalist/bassist stated on why this event is happenng: “This event is happening in order to celebrate music across St Helens and help promote the wellbeing of other using the unity of music.”

The band overall stated: “This would be one experience of a lifetime and that it has never been done before in this scale.”

Overall, the band has expressed their excitement and can’t wait to bring this festival to life .
