

23<sup>rd</sup> June 2025

Following the recent Have Your Say consultation with staff, students, and parents, we will be introducing some changes to our school uniform over the coming years. These changes aim to reflect the feedback we've received—particularly the desire to better prepare students for future employment by encouraging high standards of personal presentation and linking this to Cowley's Professional Standards. We are planning to introduce a new uniform in the coming years but ahead of this, some slight adjustments to our current uniform expectations will take effect from September 2025.

On Wednesday 18th June we held a parent consultation to ensure that parents remain actively involved in shaping these changes. I would like to thank the parents that attended this meeting and helped us by providing their views and opinions. What is clear at this very early stage is that we will be moving away from the traditional different coloured uniform for boys and girls and moving towards a more consistent approach i.e. the same colours.

We will be carrying out further student voice activities in the coming weeks and also providing some opportunities for our Year 6 students to have an input into the process during their transition days. We value your input and look forward to working together to raise standards across the college, helping our students to be as prepared as possible for the next stage of their lives. Thank you, as always, for your continued support.

Yours sincerely

Mr Cormack

Principal
