

你好 = Hello

nǐ hǎo

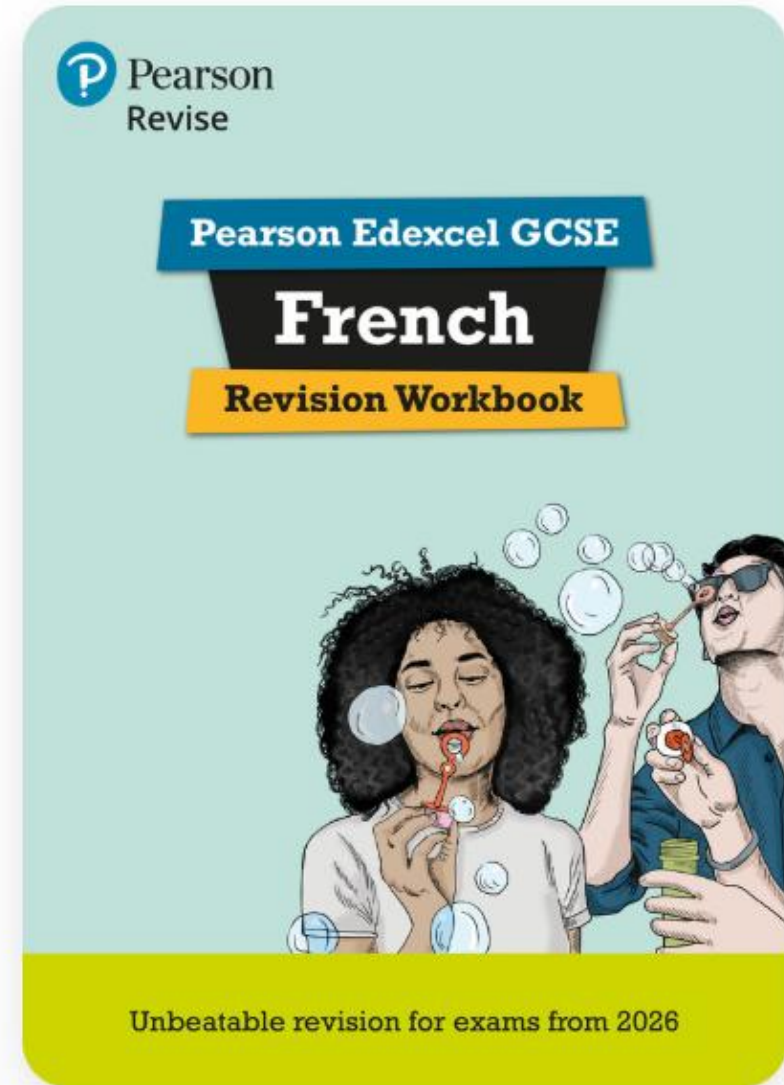

你好吗 = How are you

nǐ hǎo ma

REVISING FRENCH/MANDARIN

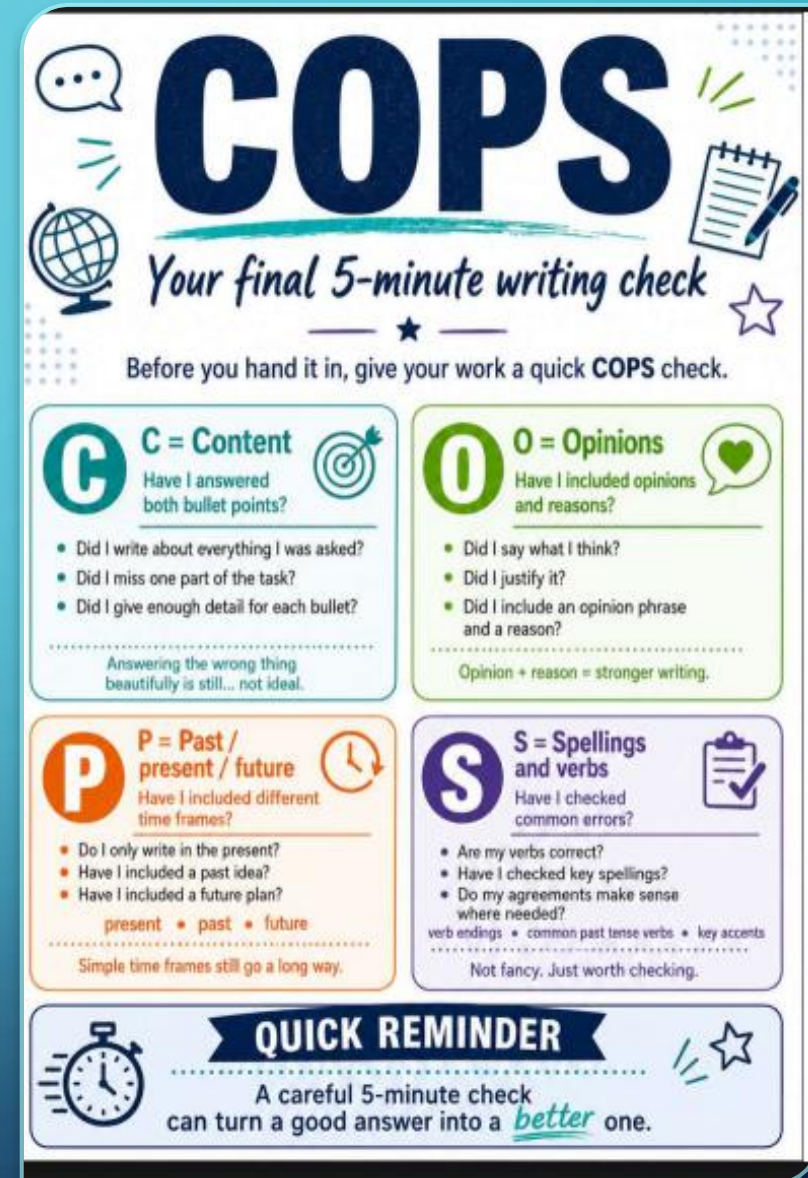

ALL FRENCH STUDENTS RECEIVED A COPY BEFORE YR 10 SUMMER EXAMS

- Directed by class teacher to complete one homework per week using this workbook
- For the most recent assessment, students were given homework to use this book to practise a particular skill question e.g. writing tasks on a topic covered in Yr10
- Homework will focus on current content covered in class
- Revision Programme using the book will commence in February 2027 and students directed weekly by teachers on topics/task to cover from workbook

COPS

- **Content/Complex-** Have I answered the question asked and included one of my many complex structures in the answer
- **Opinions + Reasons**= stronger speaking and writing
- **Past/present/future**= Simple time frames go a long way!
- **Spellings/Verbs**= Am I practising my key verbs/ spellings at home? Am I using feedback from lessons to improve and practise more at home?

COPS
Your final 5-minute writing check

Before you hand it in, give your work a quick **COPS** check.

C = Content Have I answered both bullet points? • Did I write about everything I was asked? • Did I miss one part of the task? • Did I give enough detail for each bullet? Answering the wrong thing beautifully is still... not ideal.	O = Opinions Have I included opinions and reasons? • Did I say what I think? • Did I justify it? • Did I include an opinion phrase and a reason? Opinion + reason = stronger writing.
P = Past / present / future Have I included different time frames? • Do I only write in the present? • Have I included a past idea? • Have I included a future plan? present • past • future Simple time frames still go a long way.	S = Spellings and verbs Have I checked common errors? • Are my verbs correct? • Have I checked key spellings? • Do my agreements make sense where needed? verb endings • common past tense verbs • key accents Not fancy. Just worth checking.

QUICK REMINDER
A careful 5-minute check can turn a good answer into a better one.

VOCABULARY BOOKLETS

So important for the listening
and reading exams!

Weekly vocabulary tests-
parents test them at home!

GCSE POD

- Check & Challenge MCQ
- Quick and effective for listening and reading practice

An abstract graphic on the left side of the slide, consisting of a network of white lines and small circles on a blue gradient background. The lines are vertical and horizontal, with some diagonal segments, and the circles are of varying sizes, resembling a circuit board or a neural network diagram.

REVISING SCIENCE

Is this
refraction
or
reflection?

Is Darwin
still on the
new £10
note

How many
atoms are
there in a
molecule of
water

VARIATION

- All revision in order to be successful needs to be
- **Diagnostic**- Which is the areas you find difficult?
- **Therapy** – Where do I get the information that can answer my questions?
- **Test** – How can I check I've understood?

DIAGNOSTIC

How do I know what I cant do!
